

- Used to make the erection of timber fence posts easier and quicker with a flat socket base to aid the driving in of the support
- Manufactured with 4 fins for extra strength when driving in
- Single corner tightening action makes for a speedy installation but gives full adjustability
- Standard brown posts are powder coated over zinc plated steel to aid corrosion resistance whilst retaining a neutral look
- Galvanised finish gives best corrosion resistance

Fence Post Supports

Code	Post Size	Spike Length	Overall Length	Finish	Box Quantity
WFSP020218	50mm x 50mm	450mm	600mm	Brown	10
WFSP030324	75mm x 75mm	600mm	750mm	Brown	8
WFSP030330	75mm x 75mm	750mm	900mm	Brown	8
WFSP040430	100mm x 100mm	750mm	900mm	Brown	8
WFSPG030324	75mm x 75mm	600mm	750mm	Galvanised	8
WFSPG040430	100mm x 100mm	750mm	900mm	Galvanised	8

Bolt Down Post Supports

- Used on flat, concrete or wooden surfaces
- Can also be used on decking for balustrades
- Suitable for a wide range of garden and outdoor structures, for example car ports, pergolas and fencing
- Heavy duty bolt grip allows for easy installation or replacement of posts

Code	Post Size	Socket Height	Finish	Box Quantity
WFAP0202	50mm x 50mm	150mm	Brown	10
WFAP0303	75mm x 75mm	150mm	Brown	10
WFAP0404	100mm x 100mm	150mm	Brown	10
WFAPG0303	75mm x 75mm	150mm	Galvanised	10
WFAPG0404	100mm x 100mm	150mm	Galvanised	10

Fence Post Repair Supports

- Used to repair a fence post that has been damaged, rotted or broken off near ground level
- Ensure that the top of the old post is level with the ground and drive the repair support over the old post so that the spur is fully driven into the ground
- Insert the new post into the socket

Code	Post Size	Socket Height	Overall Length	Finish	Box Quantity
WFRA0303	75mm x 75mm	150mm	400mm	Brown	10
WFRA0404	100mm x 100mm	150mm	400mm	Brown	10

Concrete In Support

- Used to secure fence posts in hard standing areas where ground preparation is possible
- Need to ensure the concrete is at least 450 mm across and check alignment regularly during the installation process

Code	Post Size	Socket Height	Overall Length	Finish	Pack Quantity
WFCI0303	75mm x 75mm	150mm	310mm	Brown	10
WFCI0404	100mm x 100mm	150mm	310mm	Brown	10

Fence Post Extenders

- Used to extend an existing post either to add trellis or for an additional fencing panel
- Provided with a brown finish but can be painted to complement existing fencing
- Remove any existing post caps and use a driving tool to install the extender onto the existing post
- Drive a new post section into the top of the extender

Code	Post Size	Overall Length	Finish	Pack Quantity
WFPE0303	75mm x 75mm	180mm	Brown	10
WFPE0404	100mm x 100mm	180mm	Brown	10

Fence Post Driving Tool

- Composite fence post driving tool avoids damaging fence post support socket when driving into ground
- Also provides a useful aid to the alignment of the post itself
- Two handles allow the tool to be held and realigned
- Use a hammer to drive the tool downwards

Code	Size	Overall Length	Pack Quantity
WFDT001	70mm x 70mm	180mm	1

Handrail Connectors

- Used for connecting a handrail to a deck post
- First fix the connector to the handrail then attach the vertical side of the connector to the deck post
- Ensures the top of the handrail is free from fixings

Code	Size	Finish	Pack Quantity
WHC303525	30mm x 35mm x 25mm	Zinc & Yellow	10
